

Adding ClaimCapture into Compatability View

1. Bring up the login screen for Claim Capture then go up on your browser to “Tools” (which for some is on the right hand side and looks like a gear wheel) then scroll down to “Compatibility View Settings”.
2. Select ClaimCapture.com and press the Add button.
3. Press Close to save the change.

Turn off Pop-up Blocker

1. Bring up the login screen for Claim Capture then go up on your browser to “Tools” (which for some is on the right hand side and looks like a gear wheel) then scroll down to “Internet Options”.
2. Select the “Privacy” tab then uncheck, “Turn on Pop-up Blocker”.
3. Press ok to save the update.
